On Chicago Exchange and
Almost Unheard-of Mar-
gins Are Being Asked By
the Brokers—Corn, Oats
and Provisions Going Up.

(ASSOCIATED PRESS TELEGRAM)
Chicago, July 30.—After a sensa-
tional advance today on account of
the imminence of Russia and Ger-
many entering the Austro-Serbian
war, the wheat market closed almost
in a state of collapse.
Seemingly almost paralysis of ex-
port demand was responsible for the
weakness of prices at the close when
values were down three cents a bush-
el from earlier figures.
The rise in war risks on the ocean
making shipments unprofitable
seemed to be what put a stop to buy-
ing on foreign account.
Jumps in prices at one time today
were fully nine cents and almost as
much as when Austria first declared
war.

(ASSOCIATED PRESS TELEGRAM)
Chicago, July 30.—Wheat today
jumped up seven cents a bushel in
the first minute of trading.
The December option which closed
at 91 cents last night sold immedi-
ately today at 98 cents. Prices were
two cents apart in different sections
of the pit at the same moment.
Notwithstanding the tremendous
upturn the volume of business did
not correspondingly increase. In
fact, transactions suddenly became
scanty to an extraordinary degree
and in a few minutes business had
almost come to a standstill. Only
speculators who were prepared to
put up instantly almost unheard-of
margins were in a position to trade.

After a lull such as seldom is wit-
nessed in the market under any cir-
cumstances, prices began a fresh ad-
vance and soon touched an extreme
of almost eight cents in the May
option, nearly equalling the record
of the day on which war was declared.
May wheat sold at \$1.03 as
against 95 3-8 last night.
For the first time the corn market
joined in the extraordinary advance
shown by wheat. September corn
rose 3 cents a bushel. Oats and pro-
visions also climbed but only in a
moderate way.

Prices rose later, approaching the
highest figures of the opening.
Despite the increased strain of
today's big advance on top of the ex-
traordinary rise day before yesterday
the clearing house reported that
all firms had met their obligations.
The suddenness of the advances and
the immense amount of open busi-
ness on the books of many concerns
had given cause for nervousness and
the fact that the market continued to
be free from failures was a source
of general congratulation.
Rumors that Germany and Russia
had severed diplomatic relations
caused a fresh burst of excitement in
the wheat pit just before midday. In
a few minutes prices had surpassed
the early high level by more than a
cent.

RATES HAVE ADVANCED ON PARIS BOURSE

(ASSOCIATED PRESS TELEGRAM)
Paris, July 30.—The Paris bourse
opened today as usual, but there was
no business. The nominal quotation
of French three per cent. rentes was
unchanged. It was announced by the
committee of the bourse that the
monthly settlement for July had been
postponed until August 31 for all
stocks including rentes.
The French minister of Finance de-
clared today that he was resolutely
opposed to suspension of specific pay-
ments which has been advanced in
some quarters. He said a state of
war alone would justify such a mea-
sure and even then in the case of im-
perious necessity.
The French police seem to regard
a general war as a certainty. The
crowds outside the saving banks to-
day were three times as numerous as
yesterday.
The Bank of France today raised
its discount rate from 3 1/2 to 4 1/2
per cent, and its rate of loans from
4 1/2 to 5 1/2 per cent.

PRICES BREAK ON THE STOCK MARKET

(ASSOCIATED PRESS TELEGRAM)
New York, July 30.—At the opening
of the stock market here today prices
again broke sharply on the latest
turn in the foreign situation, losses
ranging from 2 to 6 points, the latter
in Canadian Pacific, the weakest
feature.

PROGRESSIVES OF INDIANA MAY GO BACK TO G. O. P.

(ASSOCIATED PRESS TELEGRAM)
Indianapolis, July 30.—More than
100 men who voted the Progressive
ticket in 1912, held a political con-
ference here today, which was at-
tended by Chairman Will H. Hays,
and Secretary W. L. Henley of the
Republican state committee. Every
congressional district in the state was
represented in the conference and
many who attended were leaders of
the new party two years ago.
It was said that these men
would vote the Republican ticket this
year and that probably an appeal
would be made to all progressives in
the state to return to the Republican
party.

GREAT DECLINE IN PRICES ON WALL STREET

(ASSOCIATED PRESS TELEGRAM)
New York, July 30 (2:30 p. m.)—
The Wall street market was thrown
into a state of convulsion in the final
hour as the announcement that Ger-
many had served an ultimatum on
Russia. Declines in speculative
leaders ran from 6 to 17 points.

INMATES ESCAPE FROM ASYLUM FOR CRIMINAL INSANE

(ASSOCIATED PRESS TELEGRAM)
Ionia, Mich., July 30.—Eight in-
mates of the state asylum for the
criminal insane, located here, escaped
from the institution today while
being transferred from their sleeping
wards.
They ran down a fire escape. The
fleeing party includes Melvin Conk-
lin, sent here from Jackson prison,
where he was serving a sentence for
murder and Walter Kuhlman, who
shot two Detroit policemen.

WERE "BONDED" AS SECURITY FOR THE LOAN

(ASSOCIATED PRESS TELEGRAM)
Columbus, July 30.—How thou-
sands of borrowers from small loan
agencies in a number of Ohio cities
have secured money at higher rates
of interest than allowed normally by
law, after being "bonded" as securi-
ty for the loan by the United States
fidelity agency company of Spring-
field, is told in a report to state in-
surance Commissioner Robert M.
Small to Attorney General T. S.
Hogan, today.
A raid was made on the office of
the credit agency company two
weeks ago by Commissioner Small on
the suspicion that it was conducting
a bonding business in Ohio without
license, contrary to law. The report
made today confirms this. Attorney
General Hogan was asked to start
ouster proceedings against the com-
pany, and criminal action against its
officials. The company's business
was forcibly suspended by Commis-
sioner Small, and it has been unable
to collect thousands of dollars from
borrowers, most of whom are rail-
way and laboring men with families.
Mr. Small declared today.

RE-ELECTED HEAD PAULISH FATHERS

(ASSOCIATED PRESS TELEGRAM)
New York, July 30.—The Rev. Father
John J. Hughes was re-elected
superior general of the missionary
society of St. Paul the Apostle, usu-
ally called the Paulish Fathers, at the
opening session of the quinquennial
meeting of the general chapter of the
society yesterday.
Delegates from all parts of the
United States are attending the meet-
ing which is to continue for three
days.

BELIEVE FIRE OF INCENDIARY ORIGIN

(ASSOCIATED PRESS TELEGRAM)
Cleveland, July 30.—Fire early
today destroyed two houses and two
barns, cremated seven horses, burned
four automobiles, damaged several
other buildings on East 107th street,
and put a dozen families to flight in
their night clothes. Police today are
making an investigation on the theory
that the fire was of incendiary
origin.

MURDERED WIFE; SHOOT HIMSELF

(ASSOCIATED PRESS TELEGRAM)
Van Wert, O., July 30.—William
Detterer, 50, former restaurant pro-
prietor, after murdering his wife to-
day turned the smoking revolver on
himself, inflicting what physicians
say probably will be a fatal wound
in the head. No cause for the shoot-
ing has been assigned.

Struck By Auto And Lost Diamond

(ASSOCIATED PRESS TELEGRAM)
Cleveland, July 30.—Frank T.
Martin was struck by an automobile
today and suffered the loss of a \$75
diamond. Although Martin was only
slightly injured the force of the im-
pact dislodged the diamond from its
setting in the ring.

Wilbur Hare, 23, was so badly in-
jured when his motorcycle skidded at
Findlay, that he died soon after.
Death was caused by concussion of
the brain.

PETITIONS PRESENTED BY WOMEN

Ohio Suffragists Secure
120,000 Signatures
For An Initiative

WILL VOTE IN NOVEMBER

On the Question of Woman
Suffrage—Great Demon-
stration in Columbus To-
day When Suffrage Work-
ers March Around the
State Capitol.

(ASSOCIATED PRESS TELEGRAM)
Columbus, July 30.—Two women
from each of the eighty-eight coun-
ties in Ohio, carrying between them a
yellow and white basket containing
petitions to initiate a woman suffrage
amendment to the state constitution,
composed the parade which marched
once around the state capital late this
afternoon, and then presented the
petitions to Secretary of State Graves.
About 120,000 signatures, or 16,000
more than necessary, were contained
in all the petitions. If Secretary
Graves accepts them as valid, the
question of woman suffrage will be
submitted to voters at the November
election.

Although suffrage workers had not
intended the parade today to reach
the proportion of a great demonstra-
tion, suffragists from Columbus and
Central Ohio turned out in large num-
bers to line the streets and attend the
rally on the state house steps after
the presentation. Most wore white
dresses trimmed in yellow, and each
carried a yellow rose as an emblem
of suffrage for women. About three
hundred women and a man from each
county to carry the county banner
marched. Chimes of Trinity church
on the capital square, played during
the parade through the streets bound-
ing the capitol.

President W. O. Thompson of Ohio
State University, Representative W. B.
Kilpatrick of Trumbull county, Thos.
McNamara, Jr., of Youngstown, an at-
torney, and S. J. Taber of Barnesville,
lecturer for the Ohio State Grange,
were on the program for addresses at
the rally which followed the presen-
tation of petitions to the secretary of
state.

A banquet will end the demonstra-
tion this evening.

The parade was headed by Miss Lu-
cille Atchison of Columbus, mounted
on a white horse.

In the parade also were representa-
tives of fifteen Ohio organizations of
both men and women which endorse
votes for women. Among these were
the United Mine Workers, the Pro-
gressive and Prohibition parties,
Ohio Federated Clubs of Colored Women,
Ohio State Grange, Ohio Nurses,
and the Ohio Newspaper Women's As-
sociation. Each carried a banner.

In the first division of the parade
were women carrying banners to rep-
resent the countries where women are
enfranchised. Australia, Iceland,
Finland, Norway, Denmark, New
Zealand and Sweden. Then came
women with banners to represent the
states and a territory which have
woman suffrage: Illinois, Wyoming,
Colorado, Utah, Idaho, Washington,
California, Oregon, Kansas, Arizona,
and Alaska. Others represented the
states which have the suffrage ques-
tion before the voters: Montana, Ne-
braska, Nevada, North Dakota, and
South Dakota, Missouri, Ohio and Okla-
homa, the "campaign states," were
also represented by special marchers.

Suffragists today expressed them-
selves as indignant over Secretary of
State Graves' refusal to greet them
on the capitol steps and receive the
suffrage petitions in person. Mr.
Graves explained to representatives
of the suffragists who called on him
that his duty as an official consists
merely of accepting the petitions and
that this may be done by a clerk in
his office. He will pass on them
later.

Mr. Graves declared frankly he is
not in sympathy with the suffrage
program and does not wish to appear
hypocritical by appearing at the pre-
sentation demonstration. He warned
the women his office closes prompt-
ly at 4:30 in the afternoon and that
they must present their petitions be-
fore that time.

PRESIDENT TO FAVOR OHIO IF IT IS POSSIBLE

(ASSOCIATED PRESS TELEGRAM)
Washington, July 30.—President
Wilson was today asked to include
Ohio in any speaking tour he makes
during the fall campaign. He told
Representative Gordon he had made
no definite plans but if he went west
he would try to stop in Ohio.

SPECIAL COUNCIL MEETING.
A special meeting of the city

to be attended by the mayor and
city officials, to take action upon the
death of Harry Rossel, council pres-
ident.

Preparations For General European War Continue And Even Japan May Be Involved

HARRY W. ROSSEL.

Harry W. Rossel is Dead, After Illness of Blood Poisoning

Harry W. Rossel, president of the
Newark City Council, died at his
home, 140 Granville street at 5:35
o'clock Thursday morning, and his
death was a distinct shock to the com-
munity, although it was generally
known that he had been dangerously
ill for the past three weeks.

The illness which caused his death
was blood poisoning, which developed
from a slight injury sustained about
six weeks ago. At that time he was
superintending the loading of a car at
the Consumers Brewery plant, and
struck the calf of his leg against a
skid. The injury was in itself entirely
superficial, but became infected from
a black stocking, and soon became
sore and inflamed. Physicians were
called who examined the wound, and
at once recognized the dangerous pos-
sibilities of systemic infection. He
was ordered to bed three weeks ago
and the battle for his life was val-
iantly waged by his physicians, who
were re-enforced by the patient's
strong physical constitution, his in-
comparable will, and well-poised men-
tal temperament. The issue was in the
balance for several days when it final-
ly swung in favor of a complete re-
covery, and the family and friends
were sustained by a buoyant hope.

Several days ago a change came for
the worse, and since that time the
dark shadows of impending death
hovered near, and finally descending,
enveloped the form of one of Newark's
best beloved and most useful citizens.
Complications involving some of the
vital forces became dominant Wed-
nesday morning, and since that time

Mr. Rossel became weaker and grad-
ually sank to rest with a quiet resig-
nation to the inevitable, and a con-
sciousness of the great transition
through which he must pass. A
stricken wife and family and loving
friends ministered to him to the last,
hardly realizing when the dark angel
gave the final summons.

Harry W. Rossel was born and
reared in Newark, and had always
made this city his home. He was a
son of the late George and Mary Ros-
sel, born March 13, 1864. After at-
tending the public schools of the city
he went to the B. and O. shops as an
apprentice molder, and after complet-
ing this trade was employed at the
James E. Thomas foundry and lastly
at the Newark Machine company's
factory.

On February 12, 1883, he was mar-
ried to Miss Mary Fessler, who with
three children survive. The latter are
Ralph M., of Akron, Harry W., Jr.,
and Miss Helen May, both of Newark.
Mr. Rossel began his business career
in the restaurant business at the cor-
ner of South Fourth street and the rail-
road, as a clerk, afterward establish-
ing himself in the same business one
square farther west. For a short time
after this, he was local agent for the
Gerke Brewing Co., of Cincinnati, and
then located on the south side of the
square.

In 1899 Mr. Rossel became associ-
ated with the Consumers Brewing
Co., of this city as an agent. He was
promoted in this corporation to the
directorship, and at the time of his

JURY OUT IN MURDER CASE OF MRS. WAKEFIELD

(ASSOCIATED PRESS TELEGRAM)
New Haven, July 30.—The jury in
the case of Mrs. Bessie J. Wakefield,
on trial for the second time for the
murder of her husband on June 28,
1913, retired at 11:15 o'clock today
to consider its verdict. The trial has
lasted 12 days.

At her first trial last November a
verdict of guilty in the first degree
was returned and she was sentenced
to be hanged.
Errors found by the Supreme court
were held that too much evidence had
been submitted arising on the actual
killing of Wakefield by James Plew
obtained her second trial.
Mrs. Wakefield denied that she
plotted or desired the death of her
husband and claimed, that in the
hanging of Plew the real murderer of
her husband had paid the penalty for
the crime. The state claimed that
Mrs. Wakefield "aided and abetted"
in putting her husband out of the
way in order that she might marry
Plew.

CLASH AT LOS ANGELES.

Los Angeles, Cal., July 30.—Two
Austrians were probably fatally in-
jured in a fight with Serbians early
today at the street corner where
yesterday natives of the warring
countries clashed in a riot.

ment at Fofcha, Bosnia—Veil Being Kept On Mil-

The gravity of the international situation was rec-
ognized in all European capitals today.

Premier Asquith and Sir Edward Grey called on all
parties in the British Isles to join in efforts to avert
the immeasurable calamity of an extension of hostilities
to other countries.

The German emperor conferred at length with the
imperial chancellor and the ministers of war and ma-
rine, and later reserve officers received orders to mob-
ilize.

Russia proceeded with her mobilization of a large
number of troops.

President Poincare and the French cabinet decided
to meet daily.

The French defensive forces took extensive precau-
tionary measures.

Austrian invaders and Servian troops came into con-
tact on Servian territory and hundreds of casualties
were said to have resulted.

The whereabouts of the main British fleet is un-
known since its departure yesterday from Portland
under scaled orders.

The German battle squadrons are concentrated at
Kiel and Wilhelmshaven.

The French fleet has taken steps to prepare for
eventualities.

Japan is said to have declared its readiness to join
its ally, Great Britain.

In outlying British colonies, the troops have been
prepared for instant service.

The German and British fleets in the Far East have
been concentrated at their chief stations.

The German gunboats hurriedly quit Capetown to-
day and went to sea.

All foreign students were ordered to leave German
schools.

Stock markets everywhere in Europe have virtually
ceased operations and the leading banking institutions
have taken measures to preserve their stocks of gold.

(ASSOCIATED PRESS TELEGRAM)
London, July 30.—Preparations
for a possible general European war
went on steadily today in every coun-
try likely to be involved and the
complications of the situation were
augmented by a rumor that Japan
might also join in the conflict.

Following the partial mobilization
of the Russian army a step which
that country officially announced to
Germany and Austria-Hungary, an
order was issued by Germany today
to all the officers and men of her
reserve forces to hold themselves in
readiness for a call to arms and a
report reaching here by way of
Paris, says that the Berlin war office
already has ordered a partial mobiliza-
tion in the eastern provinces.

England also has started taking
precautions to prevent her being
surprised by eventualities. Her
fleet has been ordered on a war foot-
ing and the scattered vessels of the
navy are being brought back to
their bases. The Mediterranean fleet,
which reached Malta today found
lighters awaiting there loaded with
coal which was at once taken on
board the war vessels so that they
could be moved to any quarter with-
out delay.

All the members of the Metropolitan
police, which is a government
force, have been recalled from leave
and ordered to return to duty at
once, as the men will be required to
guard the government dock yards
and magazines in case the regular
guards should have to join their reg-
iments.

The stock markets throughout Eu-
rope where they were not closed,
showed utter stagnation.

The leaders of all the political
parties in the United Kingdom were
in conference today at the residence
of Sir Edward Grey, the British for-
eign secretary where the interna-
tional situation was under discussion.

Premier Asquith and Andrew Bonar
Law, leader of the opposition drove
together to the meeting in Mr. Law's
car. It was said that an agreement

REPORT OF THE COUNTY BOARD OF VISITORS

The report of the Licking county board of visitors on the condition of the county jail, the city prison and the children's home has been filed in the Probate court. They report very favorably on each of the institutions.

At present there are twenty-six prisoners in jail, three of whom are women, one woman being colored. The board found that the former recommendations of the board that certain walls should be calced, that the younger prisoners should be separated from the older and more hardened prisoners had been carried out. They recommended that the northwest room be given some attention as well as the floors in some of the other private rooms. The prisoners have plenty of good reading matter, and the board commends Sheriff and Mrs. F. E. Slabaugh for their excellent management.

The board found at the city prison that it had five prisoners, having nineteen prisoners at the visit last December. The board recommends that the prisoners be put to manual labor. The prison has been thoroughly renovated, the court room rehabilitated, and they commended Mr. and Mrs. G. S. McClure, who are at the head of the institution.

There are forty-four children in the children's home, fifteen girls and twenty-nine boys. The health of the children is very good and the buildings are in good condition. One boy is confined to his bed by hip disease, and one girl has been indisposed for a few days. Only two of the children are orphans, and they range in age from 6 to 17 years. Including a blind boy, the children were enjoying themselves in childish sports. Mr. and Mrs. Harry Orr were recommended for their painstaking care of the children.

The board of visitors is composed of Mrs. J. B. Jones, Mrs. Fred Seymour, Mrs. Ida M. Chase, Messrs. C. L. V. Holtz, Harry D. Willison and O. C. Larason.

PREPARATIONS

(Continued from Page 1.)

engaged in what they regarded as the almost hopeless task of trying to avert a general clash of the millions composing the armies of the great European powers.

Sir Edward Grey, a central figure in the controversy owing to his strong efforts to keep the powers of the triple alliance and the triple entente from flying at each other's throats was not able to give any cheering news when he spoke about the crisis to the members of the house of commons.

The British foreign secretary said: "I regret that I cannot say the situation is less grave than it was yesterday. The outstanding facts are much the same. Austria-Hungary has begun her war against Serbia and Russia has ordered a partial mobilization of her troops. This has not hitherto led to corresponding steps being taken by the other powers so far as our information goes."

We continue to pursue our one great object of preserving the European peace and for this purpose we are keeping in close touch with the other powers. In this keeping in touch we have, I am glad to say, had no difficulties so far with the other powers, although it has not been possible for these powers to join in diplomatic action as was proposed on Monday last."

Premier Asquith also spoke of the extreme gravity of the situation. When announcing to the house of commons the postponement of the second reading of the bill to amend the Irish Home Rule bill, he said: "We meet today under conditions of gravity which are almost unparalleled in the experience of any one of us."

"The issues of peace and war are hanging in the balance and with us is the risk of a catastrophe of which

it is impossible to measure either the dimensions or the effects.

"In these circumstances it is of vital importance in the interest of the whole world that this country which has no interests of its own directly at stake should present a united front and be able to speak and to act with authority as an undivided nation."

"If we were to proceed today with the amending bill we should inevitably—unless the debate were conducted in the domestic tone—he involved in acute controversies in regard to the domestic difficulties whose importance to ourselves none is disposed to belittle."

"I need not say more than that such a use of our time at such a moment may have an injurious and lastingly injurious effect on the international situation."

"Mr. Bona Law, leader of the opposition shares to the full views I have expressed. We therefore propose to postpone for the present the second reading of the amending bill without prejudice to its future in the hope that by the postponement of this discussion the patriotism of all parties will contribute to what lies in our power if not to avert at least to circumstances—the calamity which threatens the whole world."

Mr. Asquith's reference to whole parties rallying to the support of the government was heartily received by all the members. The British foreign office whose suggestion of a conference of the ambassadors in London of the great powers failed to meet with the approval of Germany and Austria, has now invited Germany to suggest some diplomatic way out of the difficulty which will meet the approval of Austria-Hungary and a reply is expected at any moment.

All foreign pupils at the big German schools were informed yesterday that they must leave Germany immediately.

PROCLAMATION OF NEUTRALITY TO BE ISSUED

(Associated Press Telegram) Washington, July 29.—Secretary Bryan today awaited additional developments in the ominous rumbling in European politics before announcing a proclamation declaring the neutrality of the United States. If other nations than Austria and Serbia are drawn into the conflict, probably a proclamation covering the entire situation will be determined upon by state department officials.

The declaration will follow the lines of that issued in 1911 when Italy and Turkey fought over Tripoli. It will state the purpose of maintaining absolute neutrality, the proclamation will enjoin all American citizens and residents within the United States to obey the laws, rules and principals governing the conduct of neutrals in time of international conflict.

American citizens were informed that they are forbidden, while within the United States, to accept a commission from either of the combatants. They may not enlist as a soldier, sailor, or marine, or under the fighting nations, or induce another person to enlist to serve abroad.

Nor may they equip or arm any vessel for the belligerents assist in adding to the force of any ship, or set on foot any military expedition against the belligerents.

Armed vessels of the nations at war, either public ships or privateers may not frequent or use American waters under pain of being regarded as unfriendly and offensive. Their American ports will not be permitted to the other belligerents shall have previously departed until twenty-four hours have expired.

The warships must not remain more than twenty-four hours except under stress of weather, nor take coal or supplies more than once in three months. The proclamation will set forth that no Austrian or Serbian goods may be captured on board neutral vessels, except contraband of war, and that American property on board Austrian or Serbian vessels is not subject to capture.

All American citizens and residents will be warned that while they may sell munitions of war within the United States they cannot carry them to the belligerents, transport soldiers or break a blockade without incurring the risk of hostile capture.

ENTHUSIASM WHEN EMPEROR RETURNS TO THE CAPITAL

(Associated Press Telegram) Vienna, July 30.—Scenes of extraordinary enthusiasm accompanied Emperor Francis Joseph's return to the Austrian capital today. Enormous throngs carrying banners and led by semi-military bands formed into procession behind the veteran monarch and escorted him to the Scherbrunn Castle amid a continuous roar of cheering from the people who packed the streets.

The Burgomaster advanced to the emperor in the courtyard of the castle and expressed to His Majesty the unwavering patriotism and devotion of the people to which the Emperor replied that he was grateful for today's demonstration on their loyalty. A movement is on foot among American citizens and British subjects living in Hungary to form a special corps to accompany the Hungarian army into the field according to a telegram from Budapest. It is said that British officers who served in the Boer war and who had a lively recollection of Emperor Joseph's sympathy at that time are at the head of the movement.

WILD RUMORS IN CIRCULATION AT FRENCH CAPITAL

(Associated Press Telegram) Paris, July 30.—Every military preparation short of mobilization has now been made in France. The principal railway stations and all the signal boxes and switches are guarded today by troops. Rumors of the wildest nature were in circulation today to the effect that President Poincaré after an all night council of war, had decided to call

up 300,000 of the French army reserves.

A strongly worded official denial of this was issued together with assurances that drastic measures would be taken against those spreading such reports. The government is working in close co-operation with the principal newspapers to reassure the public.

At the same time a veil is being kept over military operations as during the war in 1870, the Germans are said to have obtained a great advantage from the information printed in the French press.

GERMAN TROOPS RECEIVE ORDERS

(Associated Press Telegram) Berlin, July 30.—The reserve officers of the guards army corps, whose headquarters are in Berlin, today received orders to mobilize.

The officers of the regular army had received instructions yesterday to hold themselves in readiness for the mobilization of their units.

Representative officials at the foreign office declared that the situation had grown worse today instead of better. They pointed out that the mobilization of the Russian army at a time when Austria-Hungary had not moved a man toward the Russian frontier could only be interpreted in one way and that was that Russia was determined to support Serbia. It was added that France also was known to be making secret military preparations and that although Germany had not yet mobilized, it was questionable whether she could remain inactive much longer in face of the military preparations on her border.

AUSTRIANS REPULSED

London, July 30.—A telegram received by the Serbian legation says the Austrians attempted to cross the Danube 20 miles east of Belgrade and were repulsed by the Serbians and that a big artillery engagement is in progress.

Another message received by the Serbian legation says the Serbian troops successfully resisted the Austrian advance at Losutza to the west of Belgrade.

BIG FORCE IN FIELD

(Associated Press Telegram) London, July 30.—The Austro-Hungarian force invading Serbia totals 300,000 men according to a news despatch from Rome. Of these 150,000 are operating from Semlin, opposite Belgrade the Serbian capital. 100,000 from Sornik on the River Drina in Bosnia, 150,000 from Sarajevo, the capital of Bosnia, and 100,000 from Milanovatz on the Danube in the eastern part of Serbia.

MANY SHOTS FIRED.

(Associated Press Telegram) Joliet, Ill., July 30.—Austrians and Servians in the large foreign settlement of steel mill employees were wrought to a high pitch here today and police guards were increased as a result of a clash last night in which many shots were fired.

WOULD GO TO WAR.

(Associated Press Telegram) Cleveland, July 30.—A crippled hero of Serbia 1913 war with Turkey will be one of the first from Cleveland to cross the sea and place his services at the hands of his government in the war with Austria. His name is George Smith and a leg that was shattered by a ball over a year ago still makes him limp.

RUSH FOR NATURALIZATION.

(Associated Press Telegram) East St. Louis, Ill., July 30.—That war has no charms for the Servians and Austrians in the small towns near here was evidenced yesterday when nearly 100 natives of the warring European nations went to the office of the clerk of the East St. Louis city court to apply for naturalization papers.

MRS. MABEN WAS MADE WELL

By Lydia E. Pinkham's Vegetable Compound and Wants Other Suffering Women To Know It.

Murfreesboro, Tenn. — "I have wanted to write to you for a long time to tell you what your wonderful remedies have done for me. I was a sufferer from female weakness and displacement and I would have such tired, worn out feelings, sick headaches and dizzy spells. Doctors did me no good so I tried the Lydia E. Pinkham Remedies—Vegetable Compound and Sanative Wash. I am now well and strong and can do all my own work. I owe it all to Lydia E. Pinkham's Vegetable Compound and want other suffering women to know about it."—Mrs. H. E. MABEN, 211 S. Spring, St., Murfreesboro, Tenn.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Why Lose Hope. No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NEWARK DAY AT SUMMERLAND ON NEXT TUESDAY

Considerable interest is being roused in the outing for "Newark Day" at Summerland Beach, Tuesday, Aug. 4. The Bible conference at Summerland Beach has been growing for several years, drawing big crowds from Columbus, Zanesville, Cleveland and other cities. This year Newark will go, the churches of the city all getting together, in a sort of church reunion—a most desirable thing from several standpoints. Electric cars will be available every hour, and a special rate has been made of 65 cents for adults, 45 cents for children—which includes entrance to the Summerland Beach assembly grounds. Children under 10 years are to ride free on the boats and have free entrance also. In the forenoon during the conference, splendid lectures will be listened to, and in the afternoons and evenings the regular Chautauqua program will be put on. The program for next Tuesday is as follows:

7:30 a. m.—Bible school study class, "Religious Education," Rev. J. C. Carman.
8:30 a. m.—Mission study class, "The Child at Home," Mrs. J. P. Fisher.
9:30 a. m.—Study class, "Studies in Genesis," Dr. G. E. Guille.
10:25 a. m.—"Young People and the Church," Rev. A. M. Dixon.
1:30 p. m.—"Elementary School Work," Miss Mame Brockway.
2:30 p. m.—Concert, the Harmony Concert Co.
6:30 p. m.—Vespers; many participating from Newark.
7 p. m.—Prelude, the Harmony Concert Co.
7:45 p. m.—Lecture, "Dead or Alive?" Byron Pratt.
Between all these hours there will be a joyous outing, picnicking, swimming, boating, etc. Everybody in Newark is invited to go along with the churches next Tuesday to Summerland Beach.

Select List Election

Sandusky, O., July 30.—The annual meeting of the Ohio Select List of Daily Newspapers adjourned yesterday afternoon at Cedar Point after electing the following named officers and directors: Malcolm Jennings, president, Marion Star; W. CURES HAY FEVER SIMPLE-SENSIBLE

Every Hay Fever Victim Should Investigate This Simple Treatment.

People who suffer from Hay Fever should begin the Nostriola treatment right away.

Nostriola is a harmless antiseptic cleansing healing balm, quickly reaches the sore inflamed linings of the air passages, purifies them, keeps them free from germs and so strengthens the membranes that they can resist the attack.

The Nostriola treatment costs but a trifle—25c for a large tube containing sixty days treatment, and an agreeable surprise awaits all who use it.

Nostriola will give you more relief and real permanent results for 25 cents, than you get for dollars spent on many so-called cures.

Get a 25 cent tube of Nostriola from your druggist today, and you'll wish you had tried it sooner.

WILL ORGANIZE FOR PROTECTION GAME AND FISH

For the purpose of propagating and protecting game and fish and the creation of a healthy interest in scientific angling a number of prominent Newark anglers will organize a club, the election of officers, the adoption of the constitution and by-laws and the name of the club to be decided within the next two weeks. About ten men including W. W. Gard, E. N. Vanatta, Dr. J. P. Shai, Cary Bricker, Tom Evans and A. A. Stassel are interested in the promotion of the club.

Many of the fish in the streams of Licking county are now being destroyed by dynamite, netting and the waters of the streams being polluted.

Following is the declaration of membership:

I hereby declare myself interested in and willing to become a member of a club or organization, name to be decided later, and subscribe \$1.00 as my part of incidental expense to the organization of such a club or association, which will have as its object and purpose the propagating and protecting of game and fish and the creation of a healthy interest in scientific angling.

BIG DEMAND FOR OUTPUT OF GOLF COMPANY

In the office of the Secretary of State at Columbus, The Burke Golf Shaft Company of Newark, Ohio, was granted permission to change its name to the Burke Golf Company and to increase its capital stock from \$25,000.00 to \$100,000.00.

The above news item from Columbus is of interest to Newark people as it marks a decided step forward for this local concern.

It was made necessary by reason of its purchase of the property and business of The Goffen Mfg. Company and also because of the large growth of its own affairs.

The Burke Golf Company began business three years ago with eight workmen. Now it gives employment to more than fifty people. It manufactures golf clubs for nearly all of the large supply, sporting goods and department stores of New York, Philadelphia and Chicago as well as many smaller concerns in other cities. In addition to this, the shafts made by this company under the personal supervision of Wm. Burke are known the world over, being used in England, Scotland, Germany, France, Italy, South Africa, Australia, India, Egypt, even in far off Ceylon. Hundreds of thousands of these are shipped annually from this factory and the quality is well known to be so high that it has never been able to accept all of the orders offered to it.

The tremendous strides made in the popularity of the game of golf all over the world is the wonder of those who follow the progress of the various sports and games of nations so that even in times of general business depression the demand for golf goods keeps the factory working at full capacity.

In conversation with Mr. Burke, the head of this company, he said, "Last fall we obtained the sole right to distribute in the United States the exclusive autograph model clubs of the World's Champion, J. H. Taylor; this year in addition, we have received from the new Champion, Harry Vardon the same privilege with regard to his special models. This along with the Burke Patent Handicap wood head, which is rapidly being recognized as the best of its kind gives us a line of specialties which with our general line are taxing our utmost efforts to produce in sufficient quantity to meet the demand."

TEMPERANCE RALLY WAS ATTENDED BY IMMENSE CROWD

Six hundred people, coming from Newark and from different parts of the county, attended the Prohibition rally which was held at Mountbuilders' Park on Wednesday afternoon. Practically the whole county was represented in the audience which listened to the eloquent pleas of ex-Governor Hanley of Indiana and Oliver W. Stewart, one of the leading Prohibition speakers of Chicago. Both speakers are members of the "flying squadron." This organization, of which ex-Governor Hanley is chairman, is making a nation-wide fight for prohibition and proposes to campaign the country. The program of the afternoon was opened by Mrs. Lucy E. Van Kirk,

of Pataskala, county president of the W. C. T. U., who introduced Mr. Stewart. Mr. Stewart talked for three-quarters of an hour, outlining the practical end of the campaign which confronts the advancement of prohibition. He stated "Prohibition must be a big city fight." In explanation of this statement he showed that for any great issue to obtain success before the people it must obtain the support of the population of the cities; that the country properly campaign the nation would average \$1500 per city, and a quarter of a million dollars was needed. The efforts and the zeal of Mr. Hanley were praised by the speaker. A collection was then taken up to defray expenses of the national campaign. Mr. Stewart informed his audience that the initial campaign of the "flying squadron" would begin at the great distillery town of Peoria Ill., Sept. 1.

Ex-Governor J. Frank Hanley was then introduced to the crowd. Arraigning the allegorical character of John Barleycorn before a jury composed of the people, the ex-governor filed charges that alleged and castigated the defendant.

Mr. Hanley spoke on voting on a constitutional amendment in the state of Ohio next November and in conclusion said: "Shall we file the application in November? Shall we give to this commonwealth the sweetest emancipation that it ever knew?"

HIDDEN DANGERS

Nature Gives Timely Warnings That No Newark Citizen Can Afford to Ignore.

"DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are weak. Well kidneys send out a clear, amber fluid. Distorted kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage."

"DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, suggest weak kidneys and is that case warn you of danger of dropsy, gravel and Bright's disease. Doan's Kidney Pills are endorsed by thousands. Here's Newark proof."

Mrs. James Donnelly, 19 W. Harrison street, Newark, Ohio, says: "One of the family suffered a great deal from kidney trouble and backache. He used Doan's Kidney Pills, procured from A. F. Crayton & Co.'s Drug Store, and they made him well."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Donnelly had. Foster-Milburn Co., Props., Buffalo, N. Y.

A LITTLE WHITE COFFIN.
By Mary Elsworth Fuller.
(Dedicated to little Willard Maybury.)

A little white coffin, a moon and a sigh,
A baby's mother bidding her
A little white coffin, a strong father's
prayer,
Knelling, he smooths his dead baby's
hair.

As I hear the mother say, "I can't
give him up,
I know she is slipping from that one
bitter cup
Of sorrow and anguish, that mortals
must drain,
Before as a child we are born once
again.

A sweet baby boy, who was cherished
and loved
Is now with the angels, has gone
there to rest.
Men that were stalwart and boys that
were strong
Were in tears, as the little white coffin
was carried along.

Many a man's idea of charity is to cut down the salaries of his employees in order to contribute to the foreign missions.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by trusting their kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passing, or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Stops Neuralgia—Kills Pain
Sloan's Liniment gives instant relief from Neuralgia or Sciatica. It goes straight to the painful part—Soothes the Nerves and Stops the Pain. It is also good for Rheumatism, Sore Throat, Chest Pains and Sprains. You don't need to rub—it penetrates. Mr. J. R. Swinger, Louisville, Ky., writes: "I suffered with quite a severe Neuralgic Headache for four months without any relief. I used Sloan's Liniment for two or three nights and I haven't suffered with my head since." Get a bottle today. Keep it in the house all the time for pains and all hurts. 25c., 50c. and \$1.00, at your druggist.
Bucklen's Arnica Salve for all Sores.

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD—END CATARRH

Instant Relief When Nose and Head are Clogged from a Cold. Stops Nasty Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm." Get a small bottle anyway. Just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of

the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. R. D. Hall, 10 North Side Square, Newark, Ohio.

What's Back of It All?

Don't look at Frank Willis but throw a stone into the bushes behind him and watch the crowd of designing men scamper out. Mr. Willis is a man of delightful personality surrounded by a group of men who know exactly what they want.

Don't worry about David Tod and his ambitions to be governor, but shoo the crowd of backers out of the shadows and study them in the light. The menace is not Tod, but the crowd of men behind him who have axes to grind at public expense.

If Willis wins, Foraker will sit at the head of the table, cut and distribute the pie. Does Ohio want more of Foraker? More of fifty year franchises, more fight against pure food laws?

If Tod wins, that great and good friend, under whose direction he is running, Daniel Rhodes Hanna, will be the power behind the throne. Does Ohio want the workmen's compensation tinkered and made valueless? Do workmen, wives and children want to go back to personal damage lawsuits and lose again? Is the state ready to have Dan Hanna supervise the reconstruction of the taxation laws?

It will be well if the voter this fall should listen little and think much. There are big stakes involved in the campaign.

Freedom of Travel.

Any man who makes a study of the newspaper personal columns during the summer must feel that the American people are doing an enormous amount of travelling.

It is not merely that the millionaires are on the go, flitting hither and yon to kill ennui, anxious to be somewhere where they are not. Even the little country town shows that simple hearted people of very moderate means are visiting here and there and taking long journeys.

The type of persons who used to stick closely at home year after year has almost disappeared. A generation ago it was common to see old timers who boasted that they had not slept outside their own

July 30 in American History.

1718—William Penn, colonist and founder of Pennsylvania, died in England; born there 1644.

1864—Explosion of a Federal military mine under a Confederate fort in Lee's defenses at Petersburg. Burnside's Ninth corps captured the "crater" and was repulsed with a loss of 4,000 men. McCausland's Confederates burned Chambersburg, Pa.

1913—Windstorm in Washington, D. C., caused damage to the amount of \$1,000,000.

"rubber stamp legislation" if each stamping represented a saving to Ohio taxpayers of a clean and cool \$4,000,000?

Representatives Oscar E. Diser and John G. Cooper, of Mahoning county, candidates for the Republican nomination for congress in the nineteenth district and both from the home of David Tod, candidate for governor, refused to listen to their party leaders and voted to restore \$4,000,000 to the taxpayers of Ohio.

Why the silence in Republican quarters over the third bill enacted by the special session? It gives the state the ownership of coal and petroleum in school and ministerial lands and provides for the payment of the revenue for the support of the schools. Come, come! Let out a belch.

D. Mead Massie, of Chillicothe, who was picked out by Daniel R. Hanna for governor, reported in 1888 as a member of a special legislative committee that the elective assessor system was an irreparable failure. Wanted a Warnes law! Good gracious!

Twenty-two Republicans voted with the Democrats to reduce taxes at the special session and fourteen voted against reduction. The majority is now being abused by the professional politicians of that party. Oh, very well!

Amos McDowell, of Toledo, Republican candidate for state treasurer, has withdrawn from the primary contest. Amos is wise. He's "beating it" while the "beating" is good. Next?

So Foraker as governor in 1886 advocated the appointment of tax assessors? Wanted a Warnes law, too. Well, who'd have thought it!

By the Way

Occasionally the hatchet is buried, but the handle always protrudes.

The women agree that the Wyoming man who deferred his marriage to his third wife until after he had been acquitted of the charge of murdering his second disclosed a regard for the delicacy of the situation not often present in men.

Buck Kibby says the unusual angle in the case of the Boston man, who gave up \$500,000 to marry, was not his act of renunciation, but the fact that he had been married before.

About once every so often a woman says to her husband: "If I were to die you'd soon marry some young girl."

An actress is as old as she looks by daylight.

A poor man must do it, if at all, for nothing. But when a prominent man desires to exhibit his wounds he hires a hall and people fight for a chance to buy tickets of admission.

When a man shows his ankles, that is an expose. When a woman displays hers, that is an exhibition.

The procedure never varies. When a man desires to kiss a woman he first tries to hold her hand.

Demand for Pies.

A New York pie manufacturer failed the other day, giving as a reason the decline in the demand for pie. Well, it may be that the pie demand has declined along with the rise of demand for gasoline and spools, and then it may be the decline in demand for pie is due to failure to turn out such pies as mother used to bake. There are still old-fashioned pie eaters in the land who know a good thing when they set their teeth in it.—Youngstown Vindicator.

Dreis the Line

Indignant Customer—"See here, waiter, here's a piece of wood in my sausage!"

Waiter—"Yes, sir, but I'm sure—"

THREE CHEERS FOR WAR!

A LOST LAND MARK.
 The country editor is passed who used to deftly flay, and wither, with a wordy blast, his rival over the way. Gone are the adjectives he plied, they've long been sent of print—the adjectives that saved the hide, and had a crimson tint. When I was young all printers felt that warfare helped their towns; year after year they used to fight each other with their nouns. Then "top-eared lepers" were so thick we couldn't call them freaks; and if you chanced to throw a brick, you'd hit six "mangy sneaks." Oh, how "ye printer" ripped and tore in happy days gone by! And oft the village Greeley wore a beef steak on his eye. Then grows got along in peace, and loved each other well, and smiling butchers dished the grease and things they had to sell; the tailor didn't waste away "cause other tailors sewed; the baker didn't long to slay the baker down the road. But how ye printer's heart would bleed because another sheet was run by swayed, swivel-kneed, cheap pirates up the street! But now the country editors are quiet, safe and sane; they do not seek for foolish wars or swing their clubs in vain. Upon Ye Trenchards, day by day, Ye Trenchant Pens they wield; the calm politeness they display would jar Lord Chesterfield.

Sorting the Eggs.
 Years ago a Connecticut farmer, son of the one who made the wooden nutmegs, bored a hole the size of a small egg through a shingle. This he called his market-tester. All his eggs were tested by it. Those small enough to go through the hole were accepted as marketable, while those too large to pass through were broken and scrambled for family use. T. R. selects gubernatorial candi-

dates in the same way. His shingle is 1916; the measure is less than Presidential size. Gubernatorial possibilities small enough to go through are acceptable. Those larger than the measure, and therefore of Presidential size, are not put on the market, but promptly broken. Only one large egg is to be left unbroken.—Wall Street Journal.

Hot Weather Reading.
 The American people are too much interested in murder trials. That is evident from the long daily dispatches from Paris concerning the Cal-laux case. Is it merely a hot weather demand for light summer reading?—Springfield Republican.

A Little Fun

Patient Then Fainted.
 The eminent physicians had been called in consultation. They had retired to another room to discuss the patient's condition. In the closet of that room a small boy had been concealed by the patient's directions to listen to what the consultation decided and to tell the patient, who desired genuine information.

"Well, Jimmy," said the patient, when the boy came to report, "what did they say?"

"I couldn't tell you that," said the boy.

 Little daughter of Mr. and Mrs. Ralph Dettre of Hebron, Ohio.

Bobby had already consumed his third dish of ice cream at the children's party, with supreme indifference to the astonished and somewhat disgusted glances of the mother of the fat young hostess.

The hostess's mother thought she would shame Bobby for being so greedy.

"Why, Bobby," she said, with mock concern, "surely you're not going to stop at only three dishes of ice cream? Every little boy at a party is supposed to eat at least four, you know!"

Bobby was ashamed, but he was not ashamed in the way the mother had anticipated.

"Yes, I know," he said. "But, but I must have either left my fourth appetite at home or lost it on the way here!"

Little Altha Jones asked her mother if she could wear her dress with the pimples on it, meaning her dress with the polka dots.

"When a little girl near Utica was asked if she were glad that school began in six weeks she replied that she wished there was a tick in Sunday so it could be let out. Evidently her mother had been teaching some of her clothes by letting out tucks.

Italy's Deep Blue Skies.
 The sky of Italy is noted for its clearness. The blue is deeper not because the dust there is finer than in the northern countries, but because in the countries of the north, due to the greater coolness of the air, the vapor more readily condenses upon the dust particles. The dust particles thus become larger and consequently not so effective in turning back the blue rays alone, but others are also reflected, and a grayish effect is produced. In a single location the blue of the sky may appear bluer at one time than another. The sky is often times said to be very blue when some white cumulus clouds are outlined against it. The sky is then a deep blue, by contrast with the brilliant white. After a shower, when the lower stratum of air is washed of its coarse dust particles, a deeper and purer blue is the result.

F. Ingram and Mr. and Mrs. H. A. Froelich.

Mr. and Mrs. Albert Tucker of Cedar street, announce the engagement of their daughter, Miss Madge Tucker to Mr. Willard Davis of Zanesville. The wedding will take place on August 5 at the church of the Blessed Sacrament.

Miss Helen Jackson will go to Zanesville on Friday evening where she will be a guest at the roof garden party given by the Elks Lodge of that city.

KNBRR-HOHL.

At the home of Rev. George Bohon Schmitt in North Fifth street, Wednesday evening, took place the wedding of Mr. Morris C. Kneir and Miss Anna Freda Hohl. The parties were attended by John D. Hohl and Mrs. Elizabeth Grass, brother and sister of the bride. The happy couple will make their home at 246 Granville street.

Mrs. Charles Kellenberger of Hudson avenue entertained a few friends informally at dinner at the Tea Room in Hudson avenue on Wednesday evening. The guests were invited to honor Miss Kate Lee of Salina, Kas.

The Catholic Ladies of Ohio entertained with a card party at the home of Miss Edna Street, in Western avenue on Wednesday evening. The hours were devoted to euchre and at the conclusion of the game refreshments were served.

ARRESTED FOR PERRY COUNTY AUTHORITIES

James A. Sams was arrested Thursday afternoon by Chief Sheridan and Officer Hager upon information from New Lexington that he was wanted there upon a state warrant charging the paternity of the five-month-old babe, born to Miss Carrie Ramsey of that county.

The police had quite an automobile chase before finally landing the man.

W. Whitehall of Hanover was a visitor in Newark on Wednesday.

CLEVELAND LEPER BEING TAKEN EAST FOR DEPORTATION

(ASSOCIATED PRESS TELEGRAM) Cleveland, July 30.—With a coach all to himself, except two guards and Immigration Inspector Cameron Miller, who will accompany him, Salvatore Peluso, 28, second leper discovered in Cleveland and the United States within a hospital here, where he has been confined on board a New York Central train and deported to New York. Peluso's fare to New York will cost the government about \$300. His meals will be served by the guards. Peluso's wife is now at Ellis Island, and it is said that she and her husband will be deported to Italy on the same ship.

MANY AMERICAN TOURISTS ABROAD SEEK WAR NEWS

(ASSOCIATED PRESS TELEGRAM) New York, July 30.—Cable advice from Paris and London made public here today indicated that the thousands of American tourists were awaiting developments before continuing trips eastward. At the American consulate in Paris hundreds of Americans are calling daily seeking information concerning the safety of venturing into Germany and Austria, but few instances are mentioned of Americans booking passage for any immediate return for home.

There is little danger of industries in this country suffering because of the threatened general war in Europe, according to employers in some of the large manufacturing trades.

Henry C. Hunter, commissioner of the National Metal Trades Association stated today that no one would want to see such a war, but if it comes, it would have a stimulating effect on the machinery industry and many other industries in the United States. Holders of raw sugar generally have withdrawn from the market and refuse to consider offers for their stock from refiners.

The "Macaroni."

The "macaroni" were exquisites or fops who in England and France led the fashions from 1780 to 1785 and were distinguished by an immense knot of artificial hair worn on the top of their heads. A small cocked hat which perched ridiculously on their topknot, satin or brocade coats and small clothes fitting tightly to the body and silk stockings with ribbon garters composed the costume of these fashionable gentlemen, who invariably carried a long walking stick with tassels attached and frequently a bouquet tied to the handle and encouraged a mincing and affected gait and manner. There was during the war for independence a body of Maryland soldiers who on account of their showy uniforms were called "macaroni."

JOHN S. CLARK SWORN IN AS A FEDERAL JUDGE

(ASSOCIATED PRESS TELEGRAM) Cleveland, July 30.—Attorney John H. Clark was sworn in as federal judge today, in an address to attorneys, Mr. Clark said.

"The chief criticism of courts is due to the freedom with which writ of injunctions have been granted improperly, and the freedom with which ordinances of municipal councils have been declared unconstitutional. Patience and industry are the qualities to be most assiduously cultivated."

"It is more important that cases be disposed of justly and wisely than that they be disposed of quickly, and attorneys should be given plenty of time."

ECZEMA ITCHED FOR 20 YEARS—RESINOL CURED

Dec. 8, 1913: "I had eczema for 20 years. It started on me when I was but 13 years old and has now 34, and have suffered all these years. It started with small pimples all over my face, arms and hands. My hands would swell up so that I could not shut them, and I was almost blind. It would itch, then burn, and I had to keep the affected parts wrapped up so that I would not scratch them. I couldn't sleep at all—just walked the floor a whole night."

"I have tried many different remedies, and spent a large sum of money, but had no relief. Resinol Soap and Resinol Ointment were recommended to me. They gave me great relief after the third application, and after using four jars of Resinol Soap and three cakes of Resinol Soap, I am completely cured." (Signed) Mrs. H. E. Fleeger, Box 13, Dauphin, Pa.

Resinol Ointment and Resinol Soap sold by all druggists for 15 years.

The Courts

\$10,000 Damage Suit. Claiming that the defendants, The Everett Gas & Oil company and the Edward H. Everett company by two wells on adjacent property are drawing oil from under his land which the defendants leased for the purpose of drilling for oil and gas, Samuel Varner asks damages against the afore-named defendants in the sum of \$10,000.

The land of Samuel Varner is located in Hanover township, and the land leased by the defendant constitutes 20 acres. The plaintiff alleges that the defendant drilled a well on the land of A. W. Lascalle 350 feet west of the line of his farm, and that this well is producing 20 barrels of oil per day. The other well is on the land of the defendant two hundred feet north of the plaintiff's property, which the plaintiff claims produces 25 barrels per day. The plaintiff avers that he has frequently requested the lessees of his land to drill for oil thereon but they have not done so. Attorney John M. Swartz for plaintiff.

Adjudged Insane. Rebecca Bowly, married, aged 75, Hebron, was adjudged insane in the probate court, Thursday morning. The examination was made by Dr. J. W. Hornby. She will be taken to the state hospital at Columbus.

Admitted to Probate. The will of Melissa Williams, late of Burlington township, was admitted to probate Thursday morning. No appointment.

Marriage Licenses. Von Brewster, 29, telegraph operator, and Minnie Wells, 29.

Real Estate Transfers. The Canal Land company to Lovonia Larson, lot 16, \$1, etc. Lovonia Larson to C. S. Slater, parcel in Newton township, \$1, etc.

Justice Scott's Court. Henry Dugan is charged on the affidavit of William Gutridge with obtaining money under false pretense. It is alleged in the affidavit that Dugan represented that he was going to purchase a cow which was to cost him \$50 and to do this he needed \$15 more dollars than he had in his possession. Gutridge charges that he obtained this money from him and did not purchase the cow or return the money. The affidavit was sworn out in the court of Magistrate Fletcher S. Scott.

Gains New Complexion By Peeling Her Skin.

"Keep still, sad heart, and cease repeating behind the shades of the sun still shining. I was forcibly reminded of these lines when, after months of fretting over my skin complexion, I found how easy it was to remove the cloudy, muddy skin and bring forth a bright, new complexion. I was at an ounce of ordinary mellowized wax at my druggists and used this like cold cream every night for two weeks, washing it off mornings. Lo and behold! That old skin had all peeled off! The healthy young skin underneath gave me a complexion as pure, white and soft as a young girl's. I experienced no discomfort, the skin came off so gradually and gently. Social friends have been similarly benefited. I'm sure anyone whose skin is soiled, tanned, withered, blotchy, pimply, or freckled, can acquire the loveliest complexion imaginable by using this remarkable treatment."

Another treatment that brought more sunshine was one to remove wrinkles. A face bath made by dissolving 1 oz. powdered salicylic acid in 1 qt. water, soon changed every line. It's wonderful—Julia Orff in The Queen—Advertisement.

COMB SAGE TEA INTO GRAY HAIR

Ladies! Try this! Darkens beautifully and nobody can tell—brings back its gloss and thickness.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixins the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger. Agents, Hall's drug store.

You're Bilious and Costive! Sick headache, Bad Breath, Sour Stomach, Furred Tongue and Indigestion, Measly Liver and Bowels clogged, clean up tonight. Get a 25c bottle of Dr. King's New Life Pills today and empty the stomach and bowels of fermenting, gassy foods and waste. A full bowel movement gives a satisfied, thankful feeling—makes you feel fine. Effective, yet mild. Don't gripe. 25c., at your local druggist.

Better Than Stocks and Bonds

—health will pay far better dividends. Strength, energy and a keen brain are bound to succeed.

Right food and right living go a long way toward health. A good start is to avoid heavy, greasy foods that overheat, and over-tax the digestion.

Grape-Nuts

is a scientific food containing great nutriment in small bulk, and quickly digested.

Made of wheat and barley, a little yeast, salt and pure artesian water—that's all. Grape-Nuts contains all of the nourishment of the grain, including the vital mineral phosphates that are essential to the perfect rebuilding of body and brain.

Grape-Nuts food is ready to serve from the package—healthful, appetizing and satisfying.

SHREDDED WHEAT

without chewing it, and the chewing of it develops sound teeth and healthy gums. Better for youngsters than mushy porridges that are bolted down without chewing. Supplies every element needed for building sturdy, robust bodies. Ready-cooked and ready-to-serve. Ask your grocer.

Always heat the Biscuit in oven to restore crispness; then pour over it milk or cream, adding salt or sugar to suit the taste. Deliciously nourishing for any meal in combination with berries or other fruits of any kind. Try toasted Triacuit, the Shredded Wheat Wafer, for luncheon with butter, cheese or marmalades.

Made only by The Shredded Wheat Company, Niagara Falls, N.Y.

WOMEN AND BANKING

No development in modern business methods has been of more practical value to women than their widespread use of banking facilities of all kinds. In the handling of daily expenses a Checking Account affords safety and convenience, while for the building up of a surplus fund there is no better plan than the depositing of money regularly in a Savings Account.

This bank invites Household Accounts, subject to check, in any amount, and on money deposited in its Savings Department pays interest.

LASSIE MCGREGOR WINS THE RICH M. AND M. STAKES

(Associated Press Telegram)
Detroit, Mich., July 30.—Lassie McGregor won the deciding heat today in the M. and M. \$10,000 stakes. Peter Scott was second and Linda Wrona, who broke badly, was distanced. McGregor gets first money, Scott second and McCloskey fourth in the standing yesterday. The association retained third money because of Linda Wrona's poor showing.

Three heat winners remained after yesterday's stirring six-heat struggle to fight this afternoon for the rich prize. They were: Peter Scott, driven by Walter Cox, with two heats to his credit; Lassie McGregor, also with two firsts, piloted by Tommy Murphy and Linda Wrona, with McDevitt up, with one win. Rythmel, driven out to win the first heat yesterday, was distanced in the second mile and so gets no part of the stake.

The regular program for today comprised the free-for-all \$3,000 pace, in which the greatest pacers in training were named to start: The 209 trot, \$2500; the 2:08. pace, \$1500 and 2:08 trot, \$1050.

SHAUCK'S REAL ESTATE BULLETIN Over Franklin Bank

Iron Trade Review.

Cleveland, O., July 30.—The Iron Trade Review today says:
The iron trade refuses to become excited on account of the war news and although the ultimate effects may be important, the only present indication of changed conditions due to the war between Austria and Serbia is of greater interest in the ferromanganese market, as users realize that if Russia should become involved and the shipments of ferro-manganese ore interrupted, as was the case in the Russo-Japanese war, the price of ferro-manganese will advance rapidly. This product, which is used by steel makers, is now selling at \$37 to \$48 per ton.
There is considerable activity among cast iron pipe makers, in placing orders for southern pig iron but, generally speaking, the pig iron market is quiet.
Recent advances in prices of finished products have had a good effect on the market and specifications are coming out much more freely.

REFRESHING
BREEZES

Refreshing breezes was the order of the day early Thursday. The weather man has been doing himself proud for the past two days and the change from hot and humid to cool and refreshing was certainly an agreeable one. The thermometer at 6 o'clock this morning fell to slightly below sixty. We are again promised fair weather tonight and Friday.

TO SAVE EYES

Is the Object of This Free Prescription Try It If Your Eyes Give You Trouble.

Thousands of people suffer from eye troubles because they do not know what to do. They know some good home remedy for every other minor ailment, but none for their eye troubles. They neglect their eyes because the trouble is not sufficient to drive them to an eye specialist; who would, anyway, charge them a heavy fee. Many of them resort to an optician; or to the five and ten-cent store, and oftentimes get glasses that they do not need, or which after being used two or three months, do their eyes more injury than good. Here is a simple prescription that every one should use:
5 grains Optona (1 tablet).
2 ounces Water.
Use three or four times a day to bathe the eyes. This prescription and the simple Optona system keeps the eyes clean, sharpens the vision and quickly overcomes inflammation and irritation. Weak, watery, overworked, tired eyes and other similar troubles are greatly benefited and oftentimes cured by its use. Many reports show that wearers of glasses have discarded them after a few weeks' use. It is good for the eyes and contains no ingredients which would injure the most sensitive eyes of an infant or the aged. T. J. Evans or any druggist will fill this prescription promptly. Try it and know for once what real eye comfort is.

receipts have fallen off \$2000 this year. So few know how to dance the new dances, and they spend the time watching the few who do.

Cottage Prayers.
The Union Cottage Prayer meeting will be held at the home of Mrs. Parks, Monroe avenue, Friday evening at 7:30 o'clock. Everybody invited.

Is Quile III.
Elmer Smith, traveling auditor for the B. & O., is quite ill at his home in North Fourth street. His many friends hope for a speedy recovery.

At Cedar Point.
Messrs. J. F. Calander and Samuel Sachs are at Cedar Point attending the national convention of dry cleaners and dyers. About 300 are attending the convention.

Young Peoples' Branch.
The young peoples' branch of the W. C. T. U. will meet Thursday evening at 7:30 o'clock in the Neil Avenue M. E. church parlors. A good attendance is expected.

Belt-Parrish Reunion.
The nineteenth annual reunion of the Belt-Parrish families will be held in Smith's Grove, Summerland Beach Thursday, August 20, 1914. Bring well filled baskets. Guy C. Belt, Pres., Theodore Belt, Sec.

Goes to Texas.
Miss Agnes Avey, of Commodore street, who has been saleslady at the Anna Hoover millinery store, leaves on Friday for Dallas, Texas, where she will locate. Miss Avey enters a large wholesale house as saleslady.

Is Convalescing.
Mrs. Charles Gillette of Hudson avenue, this city, who underwent a very serious operation at Mt. Carmel hospital, Columbus, on July 21, is slowly convalescing and there is every reason to hope for a permanent and speedy recovery.

Attention Old Guard.
There will be a business meeting of the company and its drum and hospital corps in the armory, on Saturday. The trip to Detroit to the G. A. R. National encampment will come up for action, and every member is required and urged to be present. Mathew Bausch, captain.

Hankinson Reunion.
The fourteenth annual reunion of the Hankinson family, will be held in the Thomas grove, on the Dry Creek road, near the old homestead, now the home of J. W. Hankinson, next Wednesday, August 5th. All friends of the family are invited to attend and spend a pleasant day.

Teacher in College.
Justice of the Peace D. M. Jones has received a communication from Samuel J. Phillips, a former Newark young man who has accepted a position as teacher in the Bagwell Business College at Atlanta, Georgia. Mr. Phillips has many friends in the city. He was formerly clerk in the Court of Magistrate Jones and before he left Newark held a very responsible position with the Holophone company.

HEBRON.

The Zanesville District Conference, which was held here on Monday and Tuesday at the M. E. church, was very interesting with a large attendance at each session. However the number of delegates expected did not arrive, there being only about fifty present.

The Ladies Aid served dinner and supper in the basement of church. Mrs. Lulu Chism is visiting Mr. and Mrs. David Chism at Newark.

Mr. and Mrs. Marshal Embrey have returned from a trip to Detroit and other points of interest.

Mrs. Myrtle Beebout and daughter were guests of Mr. and Mrs. Andrew Sellers last week.

Mr. and Mrs. L. W. Rease will leave here Thursday to locate on a farm near Hanover.

The Church of Christ has extended a call to Rev. Henry Carter of West Virginia, to succeed Rev. T. B. Shearer, who resigned to accept the charge of the church at St. Marys, O.

Miss Rosa Burch of Coshocton is the guest of friends here.

Friday, July 25th, was the golden wedding anniversary of Mr. and Mrs. Eliza Kirk, and their children had planned a little surprise on them. With a few invited guests and well filled baskets they proceeded to the Kirk home. The surprise was a complete one for both Mr. and Mrs. Kirk. However they soon rallied and made their self-invited guests welcome. A sumptuous dinner was served on the lawn to about twenty-five guests. Smith the artist from Newark took their pictures, then all departed, wishing Mr. and Mrs. Kirk may live to celebrate their diamond anniversary.

BURDETTE, HUMORIST OF A PASSING GENERATION BORN 70 YEARS AGO.

Robert Jones Burdette, one of the most popular of humorists of a generation that is passing, and the contemporary of Josh Billings, Bill Nye, Mark Twain and other famous nineteenth century fun-makers, was born seventy years ago today, July 30, 1844 at Greensboro, Pa. In his boyhood he removed to Peoria, Ill., and lived in that city at a time when another famous man, Col. Robert G. Ingersoll, was just beginning his career. Both of Peoria's famous "Bobs" marched away to the front at the outbreak of the war between the States.

Mr. Burdette began writing as a member of the staffs of several newspapers in Peoria. Later he went to Burlington, Ia., and became associate editor of The Hawkeye, and it was in that position that he laid the foundation of his fame as a humorist. His clever paragraphs and sketches were widely copied, and the Burlington Hawkeye Man was as celebrated as the Atchison Globe Man, Ed Howe, is among the readers of today. Mr. Burdette was offered positions by many of the greatest newspapers of the land, and finally joined the staff of the Brooklyn Eagle. In 1876 he began to lecture and in his day he was almost as popular on the platform as Mark Twain.

The humorist turned from the platform to the pulpit in 1887, when he was licensed as a minister of the Baptist church. He was ordained in 1903 and became pastor of the Temple Baptist church at Los Angeles, becoming pastor emeritus in 1909.

Much of Mr. Burdette's work has been published in book form, beginning with "Hawkeyesmen," in 1877, and including "The Rise and Fall of the Mustache," "Life of William Penn," "Smiles Yoked With Sighs," and "Sons of Asaph."

Mrs. Robert J. Burdette is a prominent clubwoman, and was the first president of the California Federation of Women's Clubs. The humorist-clergyman is her third husband, and they were married in 1899. At the recent international convention of clubwomen in Chicago Mrs. Burdette was one of the principal speakers, and assailed present-day fashions in dress as dangerous in their tendencies.

"Whetted clothes were first worn as ornamental covering or for protection matters little," said Mrs. Burdette, "for we seem even to this day to consider the first as of prime importance. No matter if the neck be exposed almost to the waist line and the limbs nearly half way to the knees, if only the style be followed, health and suggestiveness are lost sight of in the craze to be in fashion."

"Miss Grace Hutchins, costume designer of Columbia University, says the morals of women are read in their gowns, and that slovenly dress indicates slovenly mental traits; that the woman who is addicted to extreme styles is sure to be an extremist in other affairs of life. But she adds that she does not believe that every woman who wears immoral clothes is necessarily immoral. She rather believes that a large proportion of them are recklessly and thoughtlessly following current styles without knowing why."

"As the fashions are today a woman would have to design nearly everything for herself if she would not wear immoral clothes. The specialty French fashions are designed for good women. They will not spend enough money to suit the merchants. That is the reason every new fashion is designed originally for the demi-monde of Paris."

"Throughout Europe the women of high nobility and social position are like wrens compared with these cockatoos of the half-world. It is an unpleasant thought that the latter set the standard which our fashionable women of America follow with avidity. The slavish following of the dictates of fashion leads to envy, ungratified longings, unappetishness, the ruin of homes, and the bartering of virtue itself."

When You Have Decided on the Plans for Your House

Make up your mind right there, that you're going to put the best finish into it that you can buy. Emphasize to your architect, painter and contractor that you want the interior finish to be the climax of their efforts. They'll appreciate why.

It's the inside of the house that you see most. It's your daily and nightly environment through the circling years. From room to room, from basement to attic, will be a daily round of pleasure if the finish is RIGHT. It will be a harvest of barren regrets if it is wrong.

Furthermore, the right way is the most economical way.

SPARTAN ART WOOD STAINS

are made on a quality basis. You can't get better stains, no matter where you go. From our humble start as wood finishers and painters, years ago, we have grown to a leading place as makers of wood finishes, not only for architectural purposes, but a still more exacting field, that of furniture and piano

manufacturers. Any of these people will tell you that we are in the front rank of wood finish makers.

If you want advice about your finishing problem, you are welcome to the result of our years of experience, both given verbally, if you will come to our store, or in the form of literature, free for the asking.

RETURNS FROM DELIGHTFUL TRIP THROUGH THE EAST

Chief clerk to B. & O. division superintendent T. J. Daly and family returned from a two weeks' vacation trip Thursday morning which included a voyage on the ocean and visits to places of prominence in the East. Two weeks ago Mr. Daly, wife and little daughter Miriam, went to Baltimore, took a boat down the Chesapeake Bay to Boston. Enroute to Boston they stopped at Old Point Comfort and while there went on board the battleship Rhode Island, which was coaling at the navy yard at that time. They spent four days in Boston visiting places of historical and general interest, went to Albany and sailed down the Hudson river by daylight to New York. Mr. Daly describes the trip down the Hudson river as the most beautiful in the country. Before returning they spent four days in New York.

HARRY W. ROSSEL

(Continued from Page 1.)
death was vice president and general manager.

In political life the deceased was always a staunch Democrat, and had frequently been importuned to stand for election as Mayor of Newark, but steadfastly declined to accept the nomination. He was, however, willing to serve the city as a non-salaried servant and was elected in 1897 to the city council, when he became at once a leader, in both the caucus and upon the floor. His valuable services as a member of the city's legislative body, were at once pre-eminent. His unselfish motives, the strict attention given municipal affairs, his keen perception of the city's best interests and his devotion to efforts for their accomplishment, made Harry Rosset one of the most popular men in Newark, without regard to political predilections or convictions.

As a consequence of this confidence reposed in him by his fellow citizens, he was honored by election to the presidency of the city council, when that office was made, by the municipal code, second to that of mayor, and in line of succession to the executive.

He has served in this capacity ever since, except one term, when John M. Ankele was elected, and afterward became mayor. At times the opposite party made no nomination for the office so successfully did Mr. Rosset perform his duties.

He was also appointed safety director of the city by Mayor Herbert Atherton, and served in this capacity for a time, when he resigned, and was succeeded by Fletcher S. Scott, who was appointed by Mayor Ankele.

There was probably not a man in Newark whose social affiliations covered as wide a field as that of Mr. Rosset. He was a member in good standing of eleven recognized lodges, besides holding an honorary membership in Iron Molders' Local Union 132, the list includes Masons, Knights of Pythias, Red Men, Moose, Eagles, Reindeer, Apes, Elks, Commercial Travelers, German Benevolent Society, and Druids.

The brothers and sisters surviving are Mrs. Charles Gleckner of Vanatta; Mrs. E. T. Hukill, Mrs. William Hukill, Mrs. Neal Swartz, Mrs. Clinton Comer, Robert and Charles Rosset, all of Newark; Mrs. John Thomas of Greenville; William E. Rosset of Columbus, and George Rosset of Birmingham, Ala.

While interested in the activities of these organizations, and never shirking any of the obligations and responsibilities attaching to membership in them, Mr. Rosset was not in the general accepted sense a "lodge man." His highest pleasure was in his home, and it was here that he spent the happiest hours in the evenings, finding succor from the worrying business cares of the day. In his family life he found the highest joy of living. His home circle was always brightened by his good cheer, guided by his wisdom, and made happy by his affection. Here he was an ideal, and to him the members were an inspiration.

It was said at the home Thursday morning, that only one night was pre-empted by the husband and father, when he was regularly absent, and that was the first and third Mondays of each month, when the city council met.

In business Mr. Rosset was keen of perception, alert of opportunity, but in every transaction absolutely honorable and upright. He would have scorned to profit by taking advantage of the ingenueness of an associate or the lack of knowledge of a competitor.

His geniality was not a mask, or cloak for, but a revelation and expression of his personality, which was kindly, straightforward, unaffected and sincere.

His friends were limited only by his acquaintance, and to these he was always loyal and true in every relation in which he found himself, and there is genuine grief in the community which found frequent expression in the city from every one who heard of his death. Not one but pronounced a touching eulogy or eloquent tribute to the deceased as a man and citizen.

Newark will be the loser in Harry Rosset's death. His wise counsel will be missed, his never failing good humor will leave a void among his associates, and his kindness of heart will be to many, only a cherished memory.

The funeral will take place Saturday afternoon at 2 o'clock from the late home, 140 Granville street, under the auspices of Acme Lodge No. 554, F. and A. M., interment being made in Cedar Hill cemetery.

MAY CAUSE THE POSTPONEMENT OF ATLANTIC FLIGHT

(Associated Press Telegram)
New York, July 30.—Lieut. John C. Porte, who was assigned to pilot Rodman Wanamaker's airboat America in the contemplated trip across the Atlantic, may be called home by the British naval authorities if war threatens to involve Great Britain. Lieut. Porte is on a special aviation reserve list.

25 Years Ago

(Newark Advocate, July 30, 1889.)
Messrs. Charles Heiple and Charles Hoffer loaded up a buggy with all sorts of bait this afternoon and went fishing. Now look out for whales.

Mr. James P. Smith, son of Patrick Smith, looks as happy as a big sunflower over the arrival of a beautiful ten-pound girl at his home yesterday. Loudenslager & Sides are running night and day; it takes 1,000 bushels of wheat each day to supply their wants. They are paying 75c to 80c for good wheat.

The stock of goods which Mr. Whiting has been closing out was disposed of to L. S. Wells, a book seller of Dayton, and he with Mr. Levi Baker are inviting them today preparatory to moving them to Delaware.

15 YEARS AGO TODAY.

(From Advocate, July 30, 1899.)
A fine group picture of the High school class of '99 is exhibited in the show case that stands in front of Mr. Charles Hempstead's photograph gallery. Mr. Hempstead's grandson, Mr. Charles Wells, one of the brightest and most promising young men of Newark, was a member, and Mr. Hempstead presented each one of the class with a class picture.

Over a thousand left this morning on the excursion to Sandusky. A special train of twenty coaches left Newark.

HOW OUT-OF-DOOR LIFE AFFECTS BEAUTY

Exposure to sun and wind, dust and the elements, although often acting as a tonic to the system in general and sometimes heightening the color of the skin, is still very damaging to the refined appearance of the complexion. The open air in itself is good, but the face should always be well protected against the extreme heat, wind and dust. The girls of your acquaintance who live a great deal out of doors by no means have the most beautiful complexions. You can best protect your skin against the elements or beautify it for social life by a face lotion which you can very easily make at home by getting 4 ounces surpasm from a druggist and dissolving it in 1-2 pint of hot water, to which you add 2 teaspoonfuls of glycerine. This lotion is easier to apply than powder, does not rub off, looks like part of the skin, giving a natural, velvety bloom while removing shininess and surface discolorations and curing irritations and pimples.—Adv.

BANKER RUSLER OF JOHNSTOWN, O. FAST IMPROVING

(Special to the Advocate.)
Johnstown, O., July 30.—Mr. H. B. Rusler, the well known banker of this place, who underwent an operation Monday, is rallying nicely and Thursday morning was reported as fast improving and his friends now have hopes of his ultimate recovery.

ARE WRINKLES CAUSED BY MODERN SOCIAL LIFE.

Often the papers and magazines have made the rather broad statement that modern social life is the only cause for wrinkles. Undoubtedly modern social life contributes some to the existence of wrinkles, but one can hardly say it is the cause. However, the wrinkles do come and old age has never made for attractiveness, so we use the best means to resist the tell-tale marks. A search for the very best in wrinkle eradicators has brought us to this formula for an economical vegetable jelly cream as the simplest wrinkle remover and skin stimulator. Its mask-like action protects the surface while it stimulates the blood vessels to perform their upbuilding work. Just get from your druggist an ounce of almozoin, put it into a fruit jar and add half a pint of water. Before retiring apply rather thickly over wrinkled or flabby surface and allow it to dry. It will harden rapidly and you will note a slight tightening of the skin. In the morning remove with hot water and note the immediate effect which you will find lasting.—Adv.
